

National Dance Championships at Lagoon Amusement Park

Final Program
October 24, 2020

Nationals is going to happen! And it's going to be one of the most memorable ones ever!

Below you will see the program in two formats!

You will see the program in its' GRID style and then more DETAILED SCHEDULE below that.

In addition, you can see the FINAL PROGRAM online with everyone assigned into their categories

As we get team dance orders assigned, we will get more detail added.

Directors! Take a look and let me know what order you want to dance your teams in and we'll update the program!

Teams:

We will line up socially distanced and we have one entrance and one exit as per CDC protocols. Periodic sanitization of stages will happen during the day.

All Studios will have their own dance block. Dancers will compete all their routines in the one block and can then enjoy the park! We will do our best to make the order so there is as little down time on the stage as possible.

PLEASE notice we don't have lots of extra time. It must stay on schedule. There is time to change costumes, but not lots of time to practice in-between team dances.

Please bring a changing tent as our normal changing pavilion is not available, but there is one just behind the Honey Locust available, but it's not close to the stages.

All non -advanced age division awards will be posted on the app and the posting wall as soon as a studio is done. Advanced will be posted once all advanced is done.

All Queens, Kings and Standard Solos and Duos can pick up their awards as soon as their studio is done and awards are posted. It will take about 15 minutes to get awards posted and you can get all your amazing awards at the awards table!

Our Jr All-American and All-American along with National Champion MVPs and National Champion MVP Teams will be announced at the end of the day at 8:30 at the Canyon Stage.

The Park is going to open its gates at 8:00 am. We start dancing at 10:00 am. The Park rides open at 11:00 am and are open until 10:00 pm.

Email me with any questions. And the answer to most questions is "Just do your best with the tight time schedule". It's INSANE! But we're going to dance!!!!
